Graco Logistics

ABOUT US

A 100% Brazilian company with more than 25 years of experience, Graco Logistics is one of the most respected companies in the field of international cargo transportation in Brazil. We act in the provision of international logistics service in the modalities of Air Transport, Maritime, Road, Project Cargo, Livestock, Customs Clearance and services inherent to the entire international logistics chain. We provide our experience to the specific needs of each client.

We are part of a select group of international agents called the WCA World, the world's largest cargo agents association. There are 6.672 partners in 193 countries allowing us to ship from any source to any destination.

MISSION

Build a better world by offering Brazil and the world a unique experience in providing international transportation and logistics services, meeting the highest levels of quality based on the tripod: Ethics, Innovation and Creativity.

VIEW

To be an internationally recognized company for its distinguished service in rendering International Transport and Logistics services, working with passion in search of results. Transporting all continents and cities around the world, collaborating for socio-economic development and focusing on sustainable growth in an inspiring way, committed to protecting the environment, quality of life and social justice.

SYSTEM

Graco Logistics developed software aiming to allow real-time monitoring of the Import and Export processes, ensuring excellence in customer service and satisfaction. Benefits obtained through the system:

- An accompaniment of Import and Export processes of logistic operations of cargo handling.
- Customs clearance for final importers or exporters customers, in real time.
- Software developed to be parameterized by sending temporary e-mails with process tracking details.
- Storage of scanned documents and monitor the position of confirmed shipments.
- Centralization of information.
